Our volunteer force helps us provide a high level of service to our visitors. We appreciate your desire to assist us in greeting visitors, as well as maintaining and beautifying our state parks. Listed below are the Washington state parks that use camp hosts--information changes daily. Detailed park descriptions, including pictures, are available at www.parks.wa.gov under the Park Information tab. State law requires our agency to receive a cleared background check before we can place volunteers in hosting positions. If you are interested in hosting for Washington State Parks, you can contact the Volunteer Program at 360-902-8617 or volunteers@parks.wa.gov.
