

Quartz Mountain Fire Lookout Trail

Directions to the Quartz Mountain Fire Lookout: From Selkirk Lodge take Mountain View to Junction 1. From Junction 1 take Alpine to Junction 2. From Junction 2 take Lodgepole to Junction 3. From Junction 3 continue straight on Lodgepole up to the Lookout. An alternate single-track trail will save you a little distance but is a more difficult route that does not accommodate wheeled carts or strollers very well. Please, no pets are allowed in the historic fire lookout. If you are day hiking to the Lookout, out of respect for the people renting the space, please stay off the tower and avoid invading the privacy of the guests. The Lookout can be rented by visiting the State Parks reservation site.
